Technical Datasheet

GRADE: **CFE11/245 BLACK M311**

DESCRIPTION: Expanded flexible compound for gaskets and extruded profile.

APPLICATION: Gaskets and seals

PRODUCT FORM: Pellets

Initial Property	Units	Typical Value (Based on BS2782)
Specific Gravity	gcm ⁻³	1.10
Softness	BSS	155
Hardness	Shore 'A'	36

Properties to BS7412	Units	Typical Value
Specific Gravity	gcm ³	0.385
Tear Resistance	kN/m	29.5
Deflection Recovery 14 days at 55 °C	%	29

Please note these are typical values and do not constitute and part of a product specification
